

## Influenza Vaccinations 2022

Dear Palace Gate Practice Patient

We are now able to advise that we have this season's flu vaccination available. We strongly recommend that you book an appointment for this vaccination as soon as possible. As the Covid-19 Pandemic continues, protection against seasonal influenza is of the very high priority.

However, the clinics this year will have to be run bearing in mind your safety.

We would ask everyone attending an appointment to wear a face mask. In order to maintain social distancing we will have to limit the number of patients in the waiting area. We would ask all patients to be as prompt as possible with their arrival time at the Practice for their appointment. The appointment will be a 10 minute slot solely for the purpose of administering the vaccine.

You can of course receive the influenza vaccination during a standard 30 minute consultation. If you would prefer this arrangement please advise when booking your appointment.

The cost of the vaccination will be £30.00.

**The vaccination appointments will be available from the 3rd October 2022.**

**Please DO NOT attend the clinic if you are suffering from any symptoms of COVID-19 infection at the time of your appointment (temperature, new persistent cough, loss of taste or smell).**

Yours sincerely,

Dr Brian MacGreevy MB MRCP  
Dr Joanna Hayes MB BS MRCP  
Dr Patrick Byrne

Dr Paul Wiseman MRCP MFHom  
Dr Isabelle Benard MD DPD DROCOG
